The 2017 Natts design is a 7-color silkscreen (black, white, turquoise, red, gold, brown and green) and about 12" across.

As is customary for CPE, the design is not released until the event.

Please visit the "2017 CPE Nationals" link at beautyofthebeasts.com for style descriptions, color swatches, photos, and approx. measurements to assist in choosing the best style and size. Colors for each t-shirt style are shown below. First color choice is usually available, but availability is subject to distributor's inventory. If your first color choice is out of stock, we'll try to contact you with alternate colors, and will substitute as similar an item as possible if we are not able to reach you before the shirt goes to print.
