### **CPE Nationals 2021 Qualifying Requirements**

Dear CPE Members, Host Clubs and Judges,

Based on the situation in 2020 affecting the ability to hold trials in many areas of the US and Canada CPE has made the decision that for the 2021 National Event to be hosted by Pasco Paws of Florida at the Georgia Agricultural Exposition Authority, Perry GA on May 14 – 16, 2021 CPE shall only require that your dog(s) will have completed Level 3 in its entirety by Dec 31, 2020 and there will be no Q quantity required for this event.

It is our hope that by the time the 2021 Nationals roll around that we will be able to have a celebration for everyone of the incredible game we all know and love. Please as we bring ourselves back, keep supporting your clubs and get ready to have a party down south with us next May.

Please see the updated eligibility detail on the CPE events webpage.
